

The Southwest Graphic Makes Bow on June 11

The Southwest Graphic, a modernized concept in newspapers, will begin publication Wednesday, June 11.

Published by Tri-County Publishing Co., a wholly owned subsidiary of Field Enterprises, Inc., the newspaper will be distributed mostly by second-class mail to over 11,500 families in Will and Cook Counties.

It will merge the Lockport Herald, The Lemont, Hampton Park Herald, Mokena News Bulletin, Frankfort Leader and New Lenox Press into one much larger newspaper.

The editorial/advertising content will offer its readers a much wider range of information in this day of rapid mobility of citizens.

Unlike the predecessor publications which were largely confined to the immediate community, The Southwest Graphic will present expanded coverage from an area of approximately 200 square miles.

It will be must reading for today's informed citizen who no longer restricts his activities and interests to the immediate area

in which he resides.

The modern-sized newspaper will be printed by offset process and published every Wednesday.

Display advertising rates as compared to predecessor publications will vary only slightly, and in some cases actually decrease. Classified rates will remain unchanged.

"For several months we have been quietly planning changes in our publications which will further increase the effectiveness of all Graphic Newspapers," said James M. Godbold, President of Tri-County Publishing Co.

"Each of our newspapers are already the most widely circulated newspaper in the communities which they serve.

With the current addition of nearly \$100,000 in equipment, we now are ready to provide readers and advertisers the very finest area publications," Godbold said.

The award-winning editorial staff of Graphic Newspapers will be enlarged to ensure the same excellence in local news, plus expanded coverage of county and state events, human rela-

tions and area sports and social activities.

The Southwest Graphic staff will be headed by Walter E. Bixby as General Manager and Editorial Director, Ann Karkut as Associate Editor, and Glenn Logan and Jackie Freitag as Regional Editors.

Pete Costello, a long-time resident of the area with 20 years of experience in advertising sales, has been named Business Manager of the newspaper.

Hank Dyer and Jeff Crawford, two other veterans in sales, will continue to serve the area in display advertising.

Readers who currently subscribe to publications being merged will receive The Southwest Graphic under terms of their current subscription.

Those desiring to subscribe can do so for the same low rate of \$4 per year paid in advance. The newspaper will be delivered to your home via second-class mail.

That's the exciting package Graphic Newspapers has in store for readers and advertisers alike. Watch for the first issue Wednesday, June 11.

L-W Thinclads Win SWS Conference Meet

The Lincoln-Way High School track team under the direction of Coach Joe Rodriguez and the varsity baseball team under Coach Bob Le Zotte have been going great guns this year.

Lincoln-Way has the track championship tucked away already, having topped all its rivals in the Southwest Conference meet last week and if the Knights beat Evergreen Park Monday--mechanical difficulties do not permit us to report that game--then Lincoln-Way will also wear the baseball crown. While the Knights won the SWS Meet L-W and Homewood are tied for the title with 26 points each.

A victory in each dual meet means two points. The Knights have 12 points from its six victories; Homewood had seven wins (it beat Lincoln-Way) for 14 points. Then in the conference meet last week the Knights win was worth 14 points and placing second gave Homewood-Flossmoor 12, so there they are, 26 points each.

Team scores in the track meet last week saw Lincoln-

Way on top with 56 points. Homewood - Flossmoor was next with 54, Oak Lawn had 35, Rich East 30, Reavis, 22, Sandburg, 18, Evergreen Park, 9 and Bremen, 0.

Rick Loucks won the 440 and was third in the 220. Al Davis was first in the 880, and Steve Mangun won the mile, in which Been, of L-W finished fourth David Merriker topped the two-mile run and Carsen finished fourth. Lincoln-Way's Gustafson was fourth in the 120-high hurdles and finished in the same position in the 180-low hurdles. Lincoln-Way also had a fourth in the half-mile relay, won the mile relay, in which Sandburg was second. Kruck, of L-W, was fifth in the long jump. The Knights Tyler and Anderson were third and fourth respectively in the shotput and Tyler had a third in the discus. Lee Hartman, of L-W, took the pole vault.

Sandburg's Thomas and Tatoole were second and third in the 100-yd. dash, and Thomas had another second in the 220 while Tatoole was third in the 440.

Lincoln - Way's baseball team has a 14-3-1 overall record and stands 11 and 2 in conference play. The Knights are hosts to the Mustangs Monday and if they get over that hump they are in for the title.

Evergreen Park is half a game back of the Knights with a 10-2-1 record. Last Friday the Knights went to Oak Lawn where they defeated Reavis 3 to 2.

Craig Otto started the game by walking and then stealing his 18th base of the season and came on home on a single by Greg Palka. That Palka hit three for four against Reavis, driving in two runs. Doug Gougar, playing in the field, scored Palka on a bunt. He also had a hit as did Buske. That was all the hits that Mark Chuvala allowed the visitors.

Lincoln-Way used two pitchers, Dave Crowder and Bob Taylor. Crowder allowed five hits, and one run, while walking three and fanning one in five and a third innings, and was credited with the win.

Communities Will Honor War Dead Memorial Day

Programs honoring the dead of all American wars will be conducted in three of the area communities Friday -- Memorial Day.

There will be parades and cemeteries visited and the graves of soldiers decorated.

Memorial Day was established after the War Between the States to pay tribute to the dead of that war. Since then it has come to be a day of memory for the dead of all wars in which America has been involved.

At New Lenox this year there will be a new parade route. Formerly the parades formed at the Oakview School and proceeded to the cemetery but in following that route marchers have to cross U.S. 30 -- which would necessitate shutting that road off to traffic until the parade has passed. But the state says this cannot be done. The highways must be kept open unless a permit is obtained from the state and that, it was pointed out, takes a bit of doing and a lot of red tape. Lockport became entangled in such a hassle last fall when it had its big parade and celebration marking the state's 150th anniversary.

So to get away from all controversy and argument the Harry E. Anderson Post, V.F.W., which has charge of arrangements for Memorial Day observance at New Lenox, has come out with a new parade plan. The marchers are to meet on the St. Jude School grounds at 10 o'clock, preparatory to the parade moving off at 10:30. The line of march will be along Third Av. to Cedar Rd., north on Cedar to

Hickory and thence west to Maplewood Cemetery.

The Rev. Herbert George, pastor of the New Lenox Methodist Church, will be the speaker at the cemetery and a squad from the VFW post will fire a salute and a bugler sound Taps.

The Lincoln-Way High School Band and the Oakview Junior High band will march in the parade as will various groups and organizations. Mr. and Mrs. Louis Meitsner, members of the VFW post and Auxiliary, are co-chairmen of the parade.

There is also a change in parade plans at Mokena that makes it different from other years. William Martin Post, No. 725, VFW, will be in charge, as usual and as usual the parade will form in front of the VFW hall on Wolf Rd. but it will be earlier this year.

In former years the parade started at 10 o'clock but this year it will be an hour earlier, according to those in charge. Marchers are to be in place by 8:45 a.m. Friday, prepared to move off at 9 sharp.

The Mokena Grade School band is to march as will the Girl Scouts, the Boy Scouts, the Fire Department's Color Guard, the Lions and other clubs and groups. Clarence Zugenbuehler is sergeant-at-arms.

St. Mary Cemetery will be the first to be visited. The parade will go there first and then return on Wolf Rd., stopping for ceremonies in the Pioneer Cemetery and concluding the observance with a visit to St. John's Cemetery. At each of them Taps will be sounded and

salutes fired.

The Frankfort parade will move off at 10 o'clock from the Frankfort School Grounds and proceed along Oak St., to Kansas, where it will turn west to pass the village hall where a halt will be made to lay a wreath at the monument raised there for the dead of World War II. The remainder of the journey to the cemetery will be made by bus.

A salute is fired and Taps sounded in the cemetery and the soldiers' graves decorated.

The afternoon hours will be spent in Community Park by many of the townspeople. There will be baseball and other games in progress there. From 5 to 7 o'clock the women of St. Peter's Church will serve supper at the church, an annual Memorial Day event on their calendar.

At 7 o'clock that evening the Turtle Derby, an annual affair sponsored by the Frankfort Lions Club, will get underway in the gymnasium of Frankfort School.

Bobzin - Swinford Post, American Legion, will have a dance at Veterans Memorial Hall Friday night, starting at 9 o'clock.

IN AND OUT -- Walt Disney's record-story of "Heidi," is coming in loud and clear for the eight Mokena third grade pupils wearing the earphones but it is out for the youngster at the table in the background. He is pursuing his studies without hearing about "Heidi." The picture was taken in the library at Willowcrest School. (Willowcrest School photo).

Official Lincoln Heritage Trail commemorative medallions are being distributed by more than a thousand Illinois, Indiana and Kentucky banks and savings and loan associations to aid the Lincoln Heritage Trail Foundation in encouraging travel on the "trail" and perpetuation of the historic shrines in the area.

Each silver medallion is serially numbered on the edge up to the 10,000 issued. They sell for \$10 each. The bronze medallions are \$1 each.

Frankfort To Consider New Liquor Ordinance

A variety of topics occupied the attention of the Frankfort village board at its last meeting of the month.

The annual appropriation ordinance does not have to be approved until July and the board is not expected to act on it before that time. It was brought out that the state legislature may enact new laws before that time which would give municipalities more money and if that happens Frankfort officials want to be able to take advantage of it.

The police budget was raised approximately \$1,300 thru giving the women who monitor radio and telephone messages for the department, a raise of 10 cents an hour. They were getting 25 cents.

The estimate for street repairs from motor fuel tax money was given at \$7,176 by Trustee Lynn Kohlhaugen, chairman of the streets and alleys committee. He said that it was unlikely that the proposed Center Rd. improvement, from the rail crossing north to Sauk Trail, would be made this year. The county will pay half of the bill and the village half but Kohlhaugen said it was doubtful if the money would be available until next year because the new state highway rules treat this section as part of a major highway development and the upgrading will send the cost up substantially.

Wayne Johnson was chosen by the zoning board to serve as its chairman and Charles McManimen was named secretary. The village zoning board of appeals is to meet every third Wednesday at 8 p.m. in the village hall. Persons who have business to transact with the board should keep this date in mind. Hearings have to be advertised in advance.

The state has ordered installation of a chlorinating unit at the outfall of the polishing pond at the sewage treatment plant.

Ralph Dralle, who is planning a building on U.S. 30 west of U.S. 45 for the as-

sembling of a magazine, is to extend a watermain approximately 350 feet. The board indicated its willingness to enter into an agreement under which he would be reimbursed thru future tap-ins, if any, on the line, but no such agreement would apply on extension of a 6-inch sewer line some 40 feet.

Willard Burde was given an opportunity to air his grievance over the village vehicle sticker ordinance. He said he knew of 27 car owners who have not bought stickers and until everyone has one he isn't buying any. He drives a car, he said, but it is not his property and he is operating it under a chauffeur's license. He added that if the money from these stickers was being used for improvement of streets and alleys his alley wasn't being benefitted. Any improvements there, he said, he did himself. There is a case pending in magistrate's court against Burde, relating to his alleged failure to buy a village sticker.

The board is considering passage of new liquor licensing ordinance but whether it will give James Kelly, proprietor of the bar and restaurant, what he wants is something that hasn't been decided. Kelly wants to keep his place open until 3 a.m. on Saturday and Sunday. He told the board that he signed a contract with entertainers that calls for a substantial output on his part and that unless he can have a long Friday and a long Saturday night each week, the entertainers will be ahead of him.

Mayor Glenn Warning, who by virtue of his office is liquor commissioner for the village, told Kelly that the

board would give his request consideration but that if anything were done a new ordinance -- which the board has been considering -- would have to be passed spelling out such things as entertainment, hours of operation and whether to do like Chicago, vary the amount of the license fee according to the hours a place is open and the type of entertainment offered.

Entertainment, it was pointed out, is a term that can be interpreted many ways, and that what could be one man's entertainment could very well be another man's boredom.

Another restaurant, serving drinks, is slated to open at Frankfort about June 1. This will be Chico's, at the southeast corner of Oak and Kansas, and there are a couple more taverns in the town. And, it was brought out, maybe all will want late closing hours. The license fee now is \$500, which is lower than is paid for liquor licenses in most communities, it was pointed out by board members. So the indication is that if a new ordinance is adopted it will carry higher fees, especially if entertainment is offered.

A plat for a new unit of the senior Albert H. Krusemark subdivision, east of Sycamore St. was approved by the village board. Krusemark presented drawings showing overall plans for the area. He also told the board that he was setting aside one and a third acres which he would give to the village. The village would use it as a playground, according to present plans. It will be adjacent to the site of the Good Shepherd Lutheran Church.

N. L. Park Board Elects Officers

Harlow Jensen has been elected president of the New Lenox park district board.

The newly elected commissioners who were chosen when New Lenox residents, village and township, voted to form a park district, met

last Thursday night in the village hall to organize.

The other officers chosen are Donald Hunt, vice president, Eileen Nolan, secretary and Gary Orler, treasurer.

They also drew lots for terms. The regular term of

Funeral Tuesday For Girl In Fiery Crash

Funeral services for Karen Lind, 16, of Lincoln Estates, who was killed in an automobile accident last Saturday night at U.S. 54, and Cicero Av., north of Monee, were conducted at 11 o'clock Tuesday morning from the Tinley Park Methodist Church. The Rev. A. Wesley Jensen officiated and interment was in Skyline Memorial Park Cemetery, north of Monee near where the accident occurred.

Karen was a passenger in a car driven by Frederick Papke, 19, of Tinley Park.

According to state police who investigated the accident, Papke had turned from Cicero Av. southeast bound onto U.S. 54, when his car was struck from the rear by an automobile driven by Willie Dunnigan, 38, Chicago, who escaped with minor hurts. Dunnigan was ticketed on a charge of failure to reduce speed and causing an accident.

The impact cause the gasoline tank on the Papke car to explode. He was thrown clear of the wreck but Miss Lind was trapped inside the blazing car. Saturday night

Papke's condition was reported critical but as of Sunday it was described as "fair." He is a patient of St. James hospital, Chicago Heights.

The Lind girl was taken to the Hirsch Memorial Chapel at Tinley Park. She resided at Lincoln Estates with her mother, Mrs. Vivian Burmeister. Her father, James Lind, is a resident of Chicago. Also surviving are four brothers, Thomas, Robert and David Lind, and Karl Burmeister; also a grandmother, Mrs. Clara Schellhase, of Frankfort.

Village Hall Starts Daily Hours June 2

The Mokena village board, which for many years has met on the first and third Wednesday of each month for its regular sessions, has changed its meeting nights. The board will now meet the second and fourth Tuesday nights.

It was also decided at last week's board meeting that beginning next Monday, June 2, the village clerk's office will operate on a full time basis at the village hall.

The hours will be from 9 to 12 noon and from 1 to 3 o'clock Monday thru Friday and from 9 to 12 noon on Saturdays. The telephone for the clerk's office will be 479-9311.

Mrs. Alvin Sorensen, wife of the village clerk, who has served as deputy clerk for many years and is thoroughly familiar with all the details of her office, will be in charge of the office.

The office will be maintained at the village hall on Front St., until other quarters are available. It is the hope of the village board that the cost of remodeling the first floor of the former Immanuel Lutheran Church building in what is known as the Village Park, will be feasible so that the work can be done this summer. The board expects to take bids soon.

It is understood the floor needs additional support for one thing and there would, of course, be a meeting chamber, as well as offices for the clerk and the police to be constructed.

The village is in a position to do this now because last Thursday it received a quit claim deed to the building from the board of the Immanuel Lutheran Church, thus ending a controversy that has been going on for several years.

It was determined sometime ago that the land on which the church stood was the property of the village but to get all the loose ends tied up the church board was

asked to give the village quit claim deed.

The Mokena district library occupies the ground or basement floor of the building and will continue to do so. The library made a deal with the church when the library district was first formed to pay the church \$1,500 for what would be a long lease for the building. The library gets a lease from the village for a nominal sum.

The village board also made a change in attorneys. George E. Sangmeister, who resides at Mokena and was formerly state's attorney, has been given the post. The law firm of Galowich, Galowich and McSteen, of Joliet, had served as village attorney for Mokena for about eight years. Sangmeister's appointment became effective May 15.

George Boyes has been appointed building inspector on recommendation of the building committee, and Leslie Johnson was hired as a police officer on a part-time basis, on recommendation of the police committee.

Haul-Away Day

At the meeting of the New Lenox village board last week it was announced that arrangements were complete for the spring clean-up day for village residents. The garbage disposal firm will be prepared to pick up anything that is brought to the curb, where the regular garbage pick-up is made, on June 3 and 4.

These clean-up and haul away days are next Tuesday and Wednesday.

Mokena Band Booster Association held its regular monthly meeting May 14. New officers were elected

The Illinois State Senate acted last week to abolish the personnel property tax for most individuals, according to State Senator Meade Baltz, (R-41st District), Joliet.

Baltz said the senate passed Senate Joint Resolution (SJR) 30 and Senate Bill (SB) 816, both dealing with personal property tax.

"I was co-sponsor of SJR 30 because I feel the tax burden has grown unbearable and some type of action is needed to relieve the burden from the taxpayers' shoulders," Baltz

said.

This resolution, he explained, proposes to amend the state constitution to exempt non - corporate personal property tax bills of less than \$500.

"This would eliminate for most individuals the necessity of having to pay the unpopular personal property tax," the Republican leader said.

Senate Bill 816 amends the 1939 Revenue Act by adding to the listing of exemptions to the personal property tax

household furniture and one automobile for pleasure or personal reasons per household.

"This bill would go into effect immediately upon signature by Gov. Ogilvie," Senator Baltz said, "but SJR 30, as a constitutional amendment, would require approval by the voters in the General Election of 1970."

Senator Baltz said he supported this legislation even though he anticipates a different tax structure to be devised by the constitutional convention which will meet

in December of this year.

"If the convention writes a new constitution which does not contain a personal property tax, and it is accepted by the voters of Illinois, the Senate can meet in special session before the General Election of 1970 to rescind SJR 30," the Republican Senator explained.

Senator Baltz is vice chairman of the senate committee on agriculture and is a member of the business and economic development commission.

Non-Voters Lose Registered Status

If you haven't voted in an election in the past four years you are due to receive a Notice of Suspension of Registration for Voting, according to Will County Clerk Clara Hartley Woodard (R).

"The state law requires that every four years I am to notify people who have not voted during the preceding four years that their names

are being withdrawn from the voter registration list," Mrs. Woodard said.

The notice will be accompanied by an application of registration, she added.

Every voter who has not voted in the past four years will be given three chances to keep his name in our files," Mrs. Woodard explained.

The first chance will be for

him to return the application for reinstatement. If the notice of suspension is returned by the post office indicating the voter no longer lives at that address, a Notice to show Qualification will be mailed to be forwarded to the voter at his new address.

The Notice to show Qualification indicates the voter must appear in the County

Clerk's office to show cause why his registration for voting should not be erased from the voters list.

"The first notice to show Qualification will be followed in 15 days by a second notice. Any voter wishing to remain on the voting rolls must return one of these cards or appear in my office," Mrs. Woodard said.

Genetic Controls Pose New Problem

Copyright 1969 World Book Science Service

Now that scientists have unraveled the "genetic code" in DNA and demonstrated that the hereditary genes in man could possibly be altered to change or control his physical and mental nature, we must consider the implications.

"The wise application of knowledge can free man from several forms of biological enslavement," says Dr.

Dwight J. Ingle of the University of Chicago. "... Why should man hesitate to interfere with known genetic causes of human misery?"

Medical MEMO

By BETTY JOHN

he asks.

Control of emotions and behavior by drugs has already been demonstrated. But Dr. Ingle feels that there

will be no universal "get smart" pills or drugs for "super-thought." It is more likely that neurophysiologists will be able to affect behavior in animals and man by wiring the brain with electrodes.

Since mankind must limit his numbers to survive, he believes efforts to control conception should be focused on those who for either cultural or biological reasons are unqualified for parenthood.

However, he adds that education and counseling for mating and reproduction can more favorably affect health and happiness, and points out that forced intervention by "the simple means of controlling the sex of offspring could threaten man's entire future."

"Methods of genetic engineering, if perfected, can only affect a relatively small number of diseases because most hereditary diseases involve several genes," he says. "More human traits are responsive to change by selective breeding."

KILLER NO. 1 -- The automobile is "public health enemy number one in the U.S.," according to Dr. H. Richard Weinerman of Yale. Besides polluting the air and congesting cities, autos cause more than half the disabling accidents and heart disease

"because we won't walk anywhere any more."

ALCOHOLIC'S RIGHTS -- Alcoholics are entitled to the same rights and privileges in law and the same opportunity for medical treatment accorded to persons with other illnesses or diseases, an ad hoc committee of the AMA and the American Bar Association have agreed.

DELAYED DANGER -- Dr. Jerome H. Modell warned the 10th Conference on the Medical Aspects of Sports that therapy after near-drowning should not stop as soon as the victim revives. Delayed death can occur from the prolonged absence of oxygen to vital organs.

During its first year it built a cone more than 1,000 feet high and covered many miles with lava. It has been inactive since 1952.

Science Frontier In the Forest

Copyright 1969 World Book Science Service

When you think of the "frontiers of science," you probably don't think about the forest.

But you should. Some very interesting scientific research is going on amidst the trees.

Consider the fact that many areas of rich woodland are nearly impossible to get to.

Often, roads don't exist and would be very difficult to build, and rivers of the area are not navigable. So it's pretty hard, and quite expensive, to get the valuable timber out.

Experiments are under way to use balloons for getting logs down steep hills. Physicists have been using balloons for years for hauling equipment up into space, and balloons might be very useful for carrying tremendous loads at low altitude.

Several tons of logs could be floated down to a convenient river, railroad, or highway.

More effective ways of processing wood are being sought, too. If bark could be separated from wood chips more efficiently, we could really improve our utilization of wood.

Efforts are being made toward wood preservation and to make wood more fire resistant because other materials are in stiff competition and scientists are trying to improve wood all the time.

We need to get at new sources of wood without having to destroy the nation's parks and recreation areas. And we need to find ways to get the most out of the timber we cut. It's not an easy assignment.

Here's an assignment for you. Can you find 14 squirrels hidden in the foliage?

Driver Workshops Set At L-W June 4 and 7

Ronald Stopka, director of the driver education department at Lincoln-Way High School will hold a special driver education workshop for adults Wednesday, June 4, 7-9 p.m. It will be free for those who live in the school district. On Saturday, June 7, 9:30 a.m.-12:00 noon, Stopka will hold a motorcycle workshop for students.

The adult workshop is being conducted due to the large number who have to be re-examined in this area this year. The state of Illinois is re-examining 773,000 licensed drivers each year, which is in conjunction with the new Illinois law requiring licensed drivers to be re-examined every nine years.

The adult workshop will be directed by Stopka and Robert LeZotte of the driver

education department.

A Three-point program will make up a Wednesday night workshop;

1. Who has to be re-examined? Why? What test will they have to take? What are the new laws? Most common errors made while driving? Why do we need our social security number? What to expect when taking the driving test. Adults will also be given a mock test to see if they know the Illinois laws and signs.

2. Psychophysical ability which will include visual acuity, brake reaction and night driving tests.

3. Question and answer period by Stopka and LeZotte.

The motorcycle workshop, free for all interested students, will be conducted by the Ridgewood Cycle Association of Homewood, Ill.

This is said to be the first known motorcycle workshop for high school students in the United States. Cliff Woodman, president; Pat McHenry, vice-president, who is a professional motorcycle racer who won the "Short Track Championship" in Illinois, and other events, and Mike Vancil, secretary of the cycle group, will assist Stopka in the program.

Members of the Ridge-

wood Cycle Association will donate their time, services, and bikes Saturday morning and give each student individual lessons in the handling and operation of a motorcycle.

The program will start at 9:30 a.m. in the boy's gymnasium. A panel consisting of members of the Ridgewood Cycle Association and Professional Cycle Drivers will cover a series of "do's and don'ts" in the operation of a motorcycle.

At 10 o'clock the second phase of the program will be held outdoors in front of the gym. At this time each motorcycle instructor will give individual lessons to students attending the workshop. Students will be given lessons on starting the cycle, turns, maneuvers, etc. Students will actually drive the motorcycle on the blacktop area in front of the Lincoln-Way gymnasium.

There is no fee for this workshop, which is being sponsored by the Lincoln-Way High School driver education department. The instructors, and cycles are being supplied free, compliments of the Ridgewood Cycle Association. Students receiving lessons on the motorcycles must have a state driving permit or drivers license.

Each member must have his own library card. (A card is available at no cost to children living in the township. Applications must be signed by the parents).

New Restaurant To Open At Frankfort

Mexican decor -- Mexican cuisine. That will be Chico's new restaurant at Frankfort.

Chico is a nickname for Ralph Castillo, who has taken over the front portion of what used to be a main section of Walter Mark's food store -- now a mini-mart -- and has transformed it into a colorful central dining space surrounded by spaces for smaller groups, from six or eight to a twosome.

There will be several bead rooms, so called because front openings are covered with strands of various colored beads.

There will be a bar and while one may go North American, if one desires and eat steaks, or chops, most of the dishes will smack of Mexico

-- except, and this can be important -- at Chico's the food comes from the kitchen only stove hot. The sauces, the peppers are turned over to the diner to do with as he wills. He can have it hot, sweet, sour or however he likes his seasoning.

Chico has been operating a restaurant in Frankfort for the past four years, just east of the Village Hall, where he has been specializing in tacos, tamales, and tostadas, the latter being kin to pizza but with a cornmeal base. But that is a small place. The new Chico's will accommodate 200 diners.

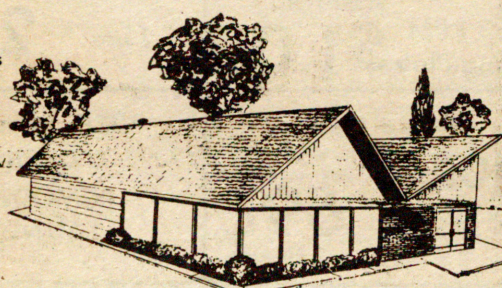

The place was supposed to be opened June 1 but last week-end workmen were still busily engaged in finishing

What happens to this country, depends on what we do with what others have left us. We dare not forget this Memorial Day that we are heirs of that first revolution. Tempered by war, disciplined by a hard and bitter peace, proud of our ancient heritage -- and unwilling to witness or permit the slow undoing of those rights to which this national has already been committed.

Open Letter from the HIRSCHS'

Dear friends,

Few people realize that the average funeral requires 90 to 100 man hours of service from the time of call until the funeral is completed.

This fact, plus the many other items of expense and overhead, cause the funeral director considerable concern to keep funeral costs from inflating at the rapid rate of other goods and services.

Respectfully,

The Lincoln Lassies 4-H Club held their mother-daughter banquet on Sunday May 18 at the St. Anthony's church. Recreation Program To Open

The annual summer recreation program for youngsters from 6 to 14 years of age is to open in Mokena Community Park June 16.

June 16 and June 17 are the days youngsters are to register for the program and there is no lag between registering and the programing starting. It actually starts with the registration.

Hours will be from 9 to 12 every weekday but Saturday, and from 1 to 4 o'clock in the afternoon.

There will be dodgeball, volleyball, softball, baseball, touch football, soccer, badminton, horseshoes and bean bags.

Miss Linda Istell will be the program director this year. The program will continue until Aug. 8.

The recreation plan set up each summer by the Mokena park board has been quite popular. A large registration is expected again this year.

Barn Burns

The barn, which was filled with hay and sheltered a number of tools, including a corn sheller, was destroyed by fire last Thursday night on the Alber Hiller farm, Green Garden Township.

The Frankfort fire department saved a crib filled with corn. The house burned down several years ago.

The farm is about seven and a half miles south of Frankfort on U.S. 45. Hiller, who operates the farm, resides in Manhattan.

Gets Year At Penal Farm

Franklin Thoms, 22, who had been living on Revere Rd., Mokena but formerly resided at Orland Park, was sentenced to a year on the state penal farm at Vandalia last Friday on a charge of contributing to the delinquency of a minor.

The case of Robert Heimerdinger, 20, with whom Thoms had been staying in Mokena, is to come up later. He is charged with underage drinking. Also to come up later on the same charge is Edward McHale, 19, of 8317 W. 118th St., Palos Park.

Charges against Veronica Winchell, 18, of 13824 S. 113th Ct., Orland Park, were reduced to underage drinking and she was sentenced to three days in jail and paid fine and costs totaling \$32.

The girl and Thoms were tried before Magistrate Thomas Wilson at Joliet.

They, Heimerdinger and McHale were arrested by Mokena several weeks ago and a 14 year old girl who was also found on the premises on Revere Rd., was turned over to her parents. She lived in the Tinley area and had run away from home.
